Headaches

Are you tired of drugs and their side effects? Are you ready for holistic health at its finest? Consider throwing that antiquated theory of just numbing the pain out the window. Then, replace your time consuming appointments, expensive drugs and the cost of your health with homeopathy, the superior medicine. To simply kill pain is not the objective. Instead, the goal is to not only eliminate the suffering on *all* levels, but to get to the bottom of the problem and unearth it. Wow…what a great idea! Do you know any other method that approaches illness in this manner?
