Health is not Random

Allow me to postulate that health is not random. As a homeopathic consultant for over 13 years, I have seen health and have seen the lack of it. I believe that the principles and laws of health are available to anyone interested in observing and then emulating them. There are explicit strategies, thoughts and actions that must be in place in order to achieve anything we do in life. In attaining health, it would be wise to follow the traditions of true healing. Homeopathy offers this.
