I want to thank you for your help with my pregnancy. Before homeopathy, my 5 previous labors lasted days, (usually 2-3) and I still had to be induced because I could never get past 3 cm on my own. This last pregnancy, I went to a “routine” appointment in my 36th week. My midwife said, “you’re having your baby today”. I was 4 cm, 80% effaced and had no contractions. I had no contractions until my water broke. My labor lasted 2 ½ hours. It was the easiest delivery ever and I ended up with the perfect baby. Thanks, Joette
