First Aid in a Pinch!

Wouldn’t it be a relief to know that as quickly as an emergency arrives, you’re capable to mitigate any first aid problem? Well here is your go to chart to get you started. There are many other remedies that I could’ve considered, but that would require a book. Instead, I offer this handy chart and urge you to stretch your ability and learn, learn, learn. The more you familiarize yourself with these methods, the more success you’ll enjoy. For further study, check our download “Perform in the Storm; A Homeopathic First Aid.” It’s a handy audio intensive that is the perfect accompaniment to this chart. Homeopathy can handle accidents and so can you!

1st Own a basic, homeopathic first aid kit. Own as many essential first aid remedies as you can. Below is a list of remedies referred to in my chart. These best address many common first aid cases. If you don’t have a kit, contact us at JoetteCalabrese.com/remedy-kits or 561-537-5900. We can help you find the right one to suit your budget.

Remedies:

- Aconitum
- Apis
- Arnica
- Bellis perennis
- Bryonia
- Cantharis
- Euphrasia
- Glonoinum
- Hamamelis
- Ledum
- Rhus tox
- Silica
- Symphytum
- Urtica urens
Cell Salt Remedies:

- Calc fluor
- Calc phos
- Ferr phos
- Kali mur
- Kali phos
- Mag phos
- Nat mur

With these remedies on hand, you’re well-prepared for everyday accidents. If the mishap is truly severe, it might be necessary and prudent to head to the ER, but that doesn’t mean it has to be an all or nothing situation. You can still administer the appropriate homeopathic remedy on the way to the hospital. Some of my students have reported to me that once they arrived to the hospital, they actually turned around and headed back home. The hospital was no longer necessary because the remedy had already brought so much healing to the injured individual while en route!

REMEMBER to also keep these essentials items with your Homeopathic First Aid Kit:

- Calendula tincture
- Clean gauzes
- Bandages
- Candle
- Matches for sterilizing
- Tweezers
- Celtic salt
- Nettles Tincture
- Coconut Oil
- Safety pins

Joette Calabrese, HMC,CCH

www.joettecalabrese.com
Remember, that a remedy’s potency, as well as how often you administer it, will sometimes vary from what is charted. This chart is only a guideline. When the injury is severe, the correct choice can be offered as often as once every 5 minutes. If the case is worse than the average boo-boo, you can “up” the potency to something higher than what my chart outlines. A higher potency and more frequent administration can often have surprising results.

Choose the correct remedy. Is it Ledum, Hypericum or Arnica? If after 4 doses of the same remedy, you don’t observe some improvement, consider using another remedy depending on the symptoms presenting. After that, depending how bad the injury is, let me guide you in using your best judgment for each emergency. Let’s go!

Don’t forget about calcium! It’s a natural pain reliever and nervine and during an injury, our calcium stores become depleted. So, be sure to compensate for this. Be sure to consume nutrient rich, homemade bone stock. Drink plenty of raw milk and eat butter as often as possible.
# ABRASIONS

**STAY CALM MOM!**

- **Minor Scraping?**
  - **Pain to the area?**
  - **Tray This**

  - **Arnica 30x:**
    - 1 dose, every 1-2 hours. Stop when there’s improvement.

  - **Ferr phos 6x:**
    - 1 dose every 2 hours, or until pain returns. Stop when there’s improvement.

  - **Coconut Oil or Unsalted Butter**
    - For more severe abrasions, soak injured area in a 1:4 dilution: 1 part Calendula tincture & 4 parts water

- **Pain to the area?**
  - **Prickling sensation?**
  - **Try This**

  - **Hamamelis 30x:**
    - 1 dose, every 1-2 hours. Stop when there’s improvement.

  - **Ferr phos 6x:**
    - 1 dose every 2 hours, or until pain returns. Stop when there’s improvement.

  - **Coconut Oil or Unsalted Butter**
    - For more severe abrasions, soak injured area in a 1:4 dilution: 1 part Calendula tincture & 4 parts water

---

# ANAPHYLAXIS

**Depending on severity, seek medical care**

- **STOP**
  - If pregnant, do not take the following remedy. It can endanger a pregnancy.

  - **Apis 200c or 1m:**
    - 1 dose, every 5, 10 or 15 minutes, depending on the severity and less frequently as improvement begins.

## BONE INJURIES

### Depending on severity, seek medical care

| Aching pain? | Squeezing pain? | Throbbing? | Relief when lying down? | Swelling? |

**Bellis per.**

- **30x:** 1 dose, every hour, until there is relief and up to 7 days.

**Calc fluor 6x:**

- 1 dose, 3 times per day, daily.
- Once an X-RAY has verified that the bones have reset

**more**

**Symphytum**

- **30x:** (ONLY ONCE AN X-RAY HAS VERIFIED THAT THE BONES HAVE BEEN RESET) 1 dose, every 4 hours, for 3 days.

**Calc phos 6x:**

- 1 dose, 3 times per day, daily, until the bone is healed.

---

| Stitching pain? | Tearing pain? | Sudden sharp pains? | More pain and worse with movement? |

**Bryonia 30x:**

- 1 dose, every 1-2 hours, until there is relief and for up to 3-4 days

**Calc fluor 6x:**

- 1 dose, 3 times per day, daily.
- Once an X-RAY has verified that the bones have reset

**more**

**Symphytum**

- **30x:** (ONLY ONCE AN X-RAY HAS VERIFIED THAT THE BONES HAVE BEEN RESET) 1 dose, every 4 hours, for 3 days.

**Calc phos 6x:**

- 1 dose, 3 times per day, daily, until the bone is healed.

---
### Bruises

**Moderate to severe bruising? Goose egg?**

<table>
<thead>
<tr>
<th>Arnica 30x: 1 dose, every 2 hours and up to 6 doses. Then 3 times per day for up to 3 days</th>
<th>Ferr phos 6x: 1 dose, every 3-4 hours, until improvement up to 4 days.</th>
</tr>
</thead>
</table>

### Burns

#### 1st degree burns

- Searing pain?
- Burning?
- Scalding?
- Better with a cold application?

**Arnica 30x & Cantharis 30x:**

1 dose of *Arnica* every 3-4 hours and up to 6 doses. If needed, 3 times per day, for up to 3 days. Then 1 dose *Cantharis* every 3-4 hours. Stop when there’s improvement. Repeat when pain returns.

**Kali mur 6x & Ferr phos 6x:**

1 dose of each, every 2 hours, or until pain returns. Stop when there’s improvement.

**Coconut Oil, Unsalted Butter, Calendula Salve / Ointment**

**TRY THIS**

---

#### 2nd degree burns

- Shock?
- Searing pain?
- Burning?
- Calding?
- Violent pains?
- Severe warmth in the burnt area?
- Better with a cold application?

**Aconite 30x & Cantharis 30x:**

Aconite every hour, for up to 6 doses. Then begin *Cantharis*, 4 times in one day and alternate it with *Aconitum*

**Kali mur 6x & Ferr phos 6x:**

1 dose of each, every 2 hours, or until pain returns. Stop when there’s improvement.

**Coconut Oil, Unsalted Butter Or Calendula Salve/ Ointment**

**TRY THIS**

---
### BURNS

**1st degree burns**

- 2nd degree burns that aren’t too severe?
- Superficial or severe burns?
- Burning pain?
- Stinging pain?

**Main Remedy**

- *Urtica urens*
  - 30x: 1 dose, every 3-4 hour. Stop when there's relief and repeat when pain returns.

**Cell Salt**

- *Kali mur 6x & Ferr phos*
  - 6x: 1 dose of each, every 2 hours, or until pain returns. Stop when there's improvement.

**Apply This**

- Coconut Oil, Unsalted Butter or Calendula Salve/Ointment
