

Cindy – New Mexico

I remembered the symptoms well even though I hadn't suffered from a urinary tract infection in more than 5 years.

I started with Apis mel and was able to fall asleep that night. The next day I made an appointment with Joette to look into this further. Joette told me that Nat phos 6x is the first remedy we think of for a urinary tract issue. She suggested I also keep Sarsaparilla and Cantharis on hand because they too, are often useful in urinary tract infections.

The Nat phos delivered relief in quick order. The Sarsaparilla and Cantharis later finished the job. I was so pleased that I was able to remedy the situation with something other than a prescription. This is the second time I have contacted Joette regarding a health issue and I can say I am very confident in her ability and professionalism and will continue to seek out her advice.

My experience with Joette and homeopathy has been inspiring!
