I’m so glad I decided to start purchasing Joette’s courses instead of a classical homeopathy course.

The Feminopathy course is packed full of information that I can relate to and put to good practical use. It was great!

I really appreciated the recommendation of taking a remedy for 6-8 weeks and learning how to recognize indications for changing a remedy. I agree, Ignatia is a lifesaver for grief! I am so grateful for the helpful information.

Life for me will be better from now on.
