The body aches I was experiencing yesterday and today were so intense that it was hard to find a comfortable position. Not even sitting in the hot tub relieved the tremendous aches. I dissolved a capful of the homeopathic remedy in pure water and took a small sip.

I was so sick I could barely keep my head up and went to bed. When I woke up about an hour late, the pains in my low back and hip were 85% gone! Even though I am a true believer in homeopathic remedies, I was truly amazed. So I took another sip of the remedy. Although I still have some residual pain, the pain has subsided about 90% since I started the remedy, two sips ago!

Joette always hits it right on the nose!
