Laurie Neilson, Chico, California

When I learned that Joette would be speaking for a 2 day intensive in Chico, CA, I considered it an opportunity I couldn’t pass up. I offered to volunteer at the table helping with the questions from the attendees and boy, am I grateful I did! I loved Joette’s excitement in sharing her hard earned homeopathy knowledge.

But the best part is a little tid- bit that she shared with the group and subsequently made a remarkable turnaround for my husband.
Joette taught us about *Nux vomica* and on conferring with her regarding my husband’s traits; she thought that Nux vomica and my husband were a match.

Having a 4yr old in our senior years is challenging and Ed has not been easy to live with, the older he gets. I think he was just too worried about raising our little guy along with everything else.

That one piece of information I gleaned from Joette was the catalyst we needed for a new start. After I gave him Nux vomica for just over a week, it has given me my husband back!!! Wow, I’m sure glad I was at that conference!

PS I will learn as much as I can about Homeopathy with the time I have left in my life…… my son will be taught everything I know.
