*My friend has been working with Joette and because of her improvement from Rhus tox, she thought I might also benefit from it. As a dear friend, she gave me a bottle and I have been taking it for a little over a week. 6 granules, 3-4 times a day.*

*Most of my DeQuervain's (tendinitis) symptoms have **disappeared** and I have experienced remarkable improvement with my rheumatoid arthritis.*

*I also have noticed that my depressed feelings have lifted and my fatigue has improved considerably. This is the best I have felt in years!*
